

Comfort Air Conditioning Systems

Excellence with integrity

● Bangalore ● Mysore ● Delhi ● Hyderabad

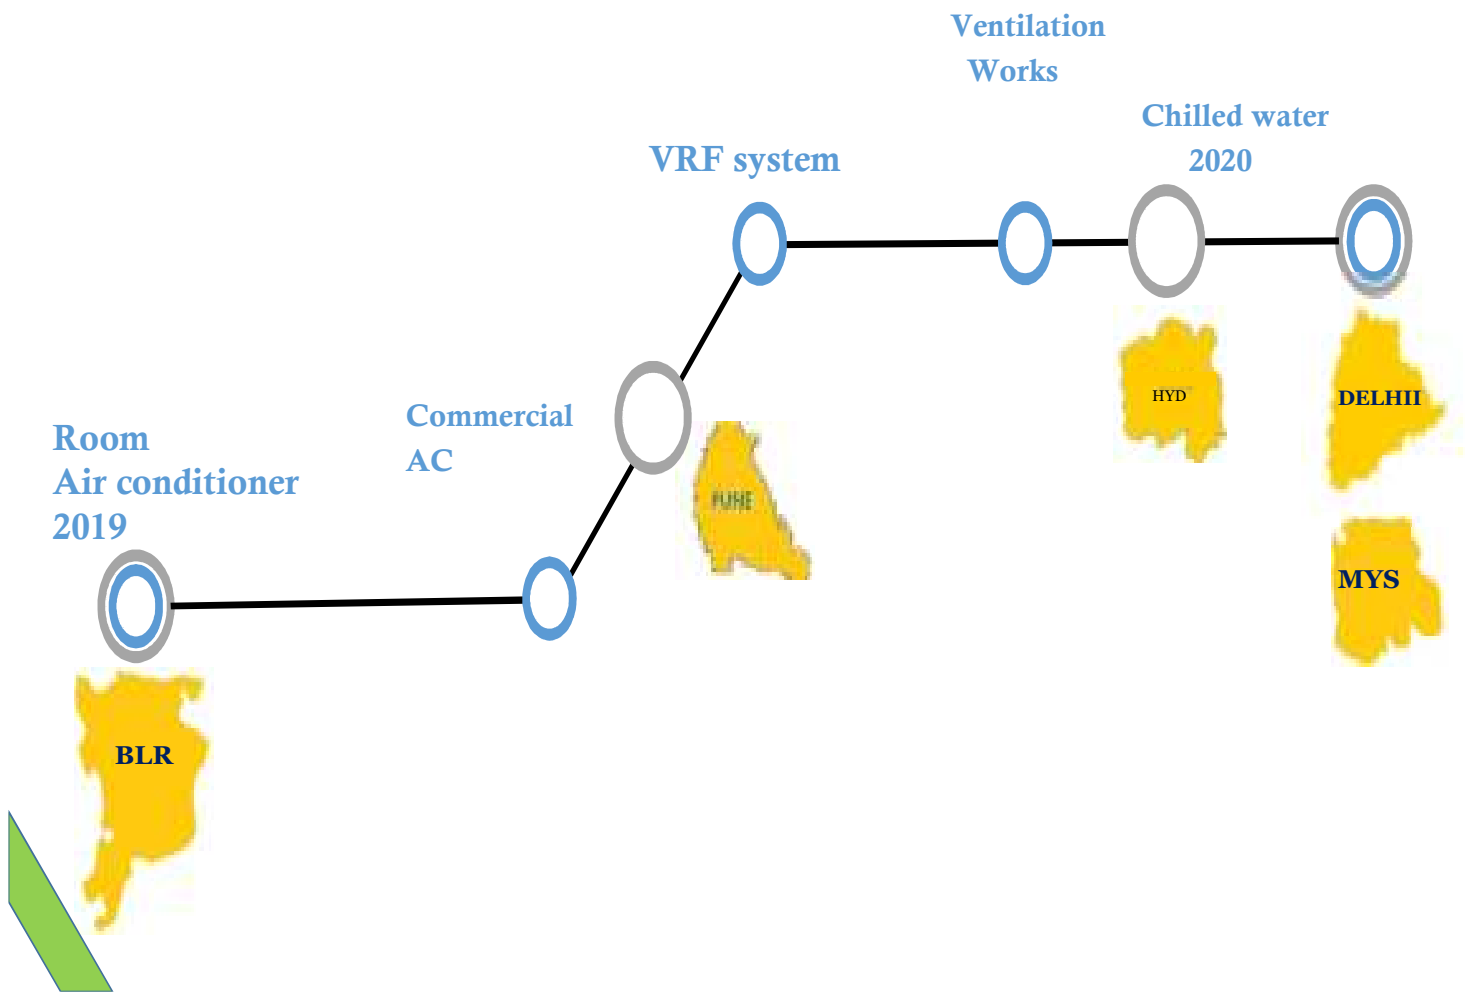

ABOUT US:

- **Comfort Air-conditioning** systems is a total turnkey HVAC Sales, Service, Design and Project Execution company founded in 2019.
- Established in the year 2019 with an office based in Bangalore, Comfort Air-conditioning system began its modest journey of business into Room AC's for clients across the city.
- Over a year now through organic growth, the company expanded its business to light commercial AC's.
- With a vision to make its mark in the industry, the company is gradually expanding its platform with integrated services and new core capabilities in designing, maintaining and other support services for the HVAC industry.
- With great persistence to achieving its goals and growing its business, the company forayed into other diverse range of product lines like VRF, Ventilation and Chilled water work. Not just that, the company in due course time is planning to spread its foot prints across Southern and Northern regions with projects being executed in various cities such as Bangalore, Mysore, Hyderabad & Delhi.

Comfort Air-Conditioning Systems
